5) FIRE FIGHTING MEASURES

In the event of fire, carbon dioxide, dry chemical or universal-type foam extinguishers should be used.

6) ACCIDENTAL RELEASE MEASURES

a) Personal precautions

Isolate hazard area and deny entry to unnecessary or unprotected personnel, glove (natural rubber if possible) and safety goggles for eye protection should be worn when handling spillages. No smoking, avoid naked flames or other potential sources of ignition (eg, electrical equipment). Avoid skin contamination and inhalation of vapor, in a confined, poorly ventilated area, use of a “nosh” approved respirator or positive breathing apparatus is recommended.

Good personal washing routines should be followed accidental releases. Ensure adequate ventilation in working areas following accidental releases.

b) Environmental precautions

Do not discharge directly into drains, into soil or into the aquatic environment.

c) Methods for cleaning up

Contain spilled liquid with sand or other absorbent and remove to an approved disposal container.

Dispose of in accordance with local, state and federal regulations.

7) HANDLING AND STORAGE :

It is recommended that this material be stored in cool, well-ventilated area avoiding open flames or other sources of ignition. To avoid possible ignition by static discharge all equipment, transfer lines and containers used to handle or transfer this material should be electrically grounded. Avoid contact with strong acids, alkalis and oxidizing agents. Closed containers may build up pressure at elevated temperatures. If possible containers should be cooled with a water spray.

8) EXPOSURE CONTROLS/PERSONAL PROTECTION

a) Exposure limit values

b) Exposure controls :

Do not subject to unnecessarily high temperature. Maintain adequate ventilation in working areas.

Safety Data Sheet according to 1907/2006 (EC)

c) Personal protection :

Eyes: in general the use of safety glasses is recommended, if the material is to be handled in a manner where splashing may occur, the use of splash goggles or a face shield is recommended.

Respiratory: in well ventilated areas respiratory protection is not normally required, in confined, poorly ventilated areas the use of “nosh” approved respiratory protection may be required.

Equipment and apparel: the use of chemical resistant gloves is recommended. Acceptable industrial hygiene practices should be maintained. Ventilation: provide adequate ventilation. Use exhaust fan if necessary.

9) PHYSICAL AND CHEMICAL PROPERTIES

Physical state : liquid

Color : natural as per component

Odor : characteristic

Specific gravity : @20° C 0.83

Refractive Index : @20° C 1.37

Soluble in : in equal volume of 80% alcohol

Vapor Pressure : 43 mmHg@20° C

Flash point : 64° F { 18 – 19° C }

10) STABILITY AND REACTIVITY

Chemical stability: normally stable under proper storage conditions. Avoid excessive heat, open flames or other sources of ignition.

Incompatibility: avoid contact with strong acids, alkalis and or oxidizing agents.

11) TOXICOLOGICAL INFORMATION

Eye effects: irritant, no other information is available.

Skin effects: none – irritant

Acute oral effects: no information available

Acute inhalation effects: no information is available

Sub chronic effects: no information is available

Chronic effects / carcinogenicity: no information available

Mutagenicity: no information available

12) ECOLOGICAL INFORMATION

No information available

13) DISPOSAL CONSIDERATIONS

RCRA hazardous waste if discarded. ID# DOO1. Incinerate at an EPA approved facility or dispose of in compliance with Federal, State and Local regulations.

14) TRANSPORT CONSIDERATIONS

D.O.T Shipping name : Perfumery products
Technical shipping name : Consumer commodity (Ground)
D.O.T Hazard class : Class 3
U.N / N A Number : UN1266
Product RQ (LBS) : 1000
D.O.T Label : Flammable Liquid
Freight class (Manufactures pkg): 3
Freight class package (consumer) : ORM-D (GRD)
IATA Consumer commodity ID 8000 CLASS 9
Product Label : COUNTRY CLUB ORANGE
Packing group : II
D.O.T. exemption : D.O.T E – 9272

15) REGULATORY INFORMATION

- a) Classification in accordance with the Directives 76/768/EEC and subsequent amendments
- b) Conveyance classification: (see point 14.)

16) OTHER INFORMATION

To the best of our knowledge, the information contained herein is accurate however, assumes no liability whatsoever for the accuracy or completeness of the information contained herein.
